

We enable our customers to make the world  
healthier, cleaner and safer

Life Sciences Solutions

invitrogen

gibco

Biosciences

Leading reagents, instruments and consumables  
Ubiquitous presence in life sciences labs  
Strong track record of innovation

thermo scientific

Bioproduction

Best-in-class bioprocessing products with extensive global footprint  
Leadership positions in cell culture, media and single-use technologies  
Rapidly growing purification business

applied biosystems

ion torrent

Genetic Sciences

Top-tier genetic analysis platforms and reagents  
Automated platform enabling democratization of clinical Next-Generation Sequencing (NGS)  
Best-in-class offering for applied markets

Specialty Diagnostics

thermo scientific

Clinical Diagnostics

Leading diagnostics for sepsis detection and management  
Top-notch toxicology menu for drugs of abuse

thermo scientific

Protein Diagnostics

Standard of care testing for multiple myeloma  
Strong offering of protein assays for immune system disorders

thermo scientific

Immuno Diagnostics

Respected in-vitro diagnostics for specific allergy testing for hundreds of allergens  
Diagnostics for autoimmune diseases

thermo scientific

Microbiology

Leader in pathogen detection and testing for antibiotic susceptibility  
Supportive food safety testing offering

thermo scientific

Transplant Diagnostics

Industry-leading diagnostics to enable patient-donor matching  
Post-transplant monitoring

fisher healthcare

unity lab services

Healthcare Market Channel

Experienced channel serving reference labs and hospitals in North America  
Comprehensive offering of diagnostic products

Analytical Instruments

thermo scientific

Chromatography & Mass Spectrometry

Industry-leading mass spectrometry offering  
Strong position in chromatography  
Leading software and instrument servicing capabilities

thermo scientific

Electron Microscopy

Revolutionary Cryo-EM technology for life sciences  
Top-tier solutions for advanced materials  
Advanced software and instrument servicing capabilities

thermo scientific

Chemical Analysis

Respected portfolio of portable analytical instruments  
Leading molecular and elemental spectroscopy instruments  
Air quality and process monitoring instruments

Laboratory Products and Biopharma Services

PPD

Clinical Research

Leading CRO with comprehensive services  
Accumulated experience and expertise across key therapeutic areas and emerging trial types  
Top-notch analytical lab testing services

patheon

Pharma Services

Accomplished CDMO providing drug substance and drug product services  
Expertise in advanced therapies  
Global footprint

fisher scientific

Research and Safety Market Channel

Industry-leading channel providing choice, convenience and aggregation  
Leading e-commerce marketplace  
Purpose-built supply chain infrastructure

thermo scientific

Laboratory Products

Strong offering of lab consumables, equipment and chemicals
